

# IEA Solar Heating and Cooling Programme (IEA SHC)

## *Project-focused international R&D collaboration*

- **Established 1977**, one of 38 IEA TCPs
- **20 member countries, EC, and 7 international organizations**
- **250+** experts
- **8 running solar projects:** district heating, PVT, solar neighborhoods, lighting, industrial solar heat, industrial water management, renovating historic buildings, solar cooling for sunbelt regions

*Map is without prejudice to status of or sovereignty over any territory, to delimitation of international frontiers/boundaries, and to name of any territory/area.*

# What the Solar Academy has to offer

- **Webinars** – quarterly webinars hosted by ISES
  - Our next webinar is **September 24<sup>th</sup>** . Topic is Integrated Solutions for Daylighting and Electric Lighting  
<http://www.iea-shc.org/solar-academy/webinars>
- **Videos** – interviews with solar experts & past Solar Academy webinars on our IEA SHC YouTube channel
- **Onsite Training** – training workshops on specific solar thermal topics by IEA SHC experts. Available upon request by IEA SHC members
  - Past trainings: China, South Africa, UK
