Important dates

Abstract submission extension: 30 September 2016

Earlybird registration: Until 31 October 2016

Acceptance of abstract: 15 October 2016

Standard registration: Until 1 January 2017

Final registration: After 2 January 2017

Submission of full papers: By 15 January 2017

www.wrec2017.com

Conference topics include:

- Biofuels and energy from waste
- Energy from biomass
- Carbon neutral economy
- Climatic and environmental issues
- Co-generation and tri-generation
- Decarbonising cities and regions
- Economics of renewable energy
- Electric vehicles
- Energy policy
- Energy storage
- Governance for low carbon communities and infrastructure
- Hydrogen and energy storage
- Low energy architecture
- Manufacturing issues and emissions trading
- Geothermal energy
- Photovoltaic technologies
- Remote area power supplies (RAPS)
- Renewable energy and transport
- Renewable energy for sustainable development
- Renewable energy integration, water and energy nexus
- Rooftop solar
- Smart grids
- Wind, wave and tidal energy
- Zero carbon urban design

Keynote Speakers:

Dr David S. Renné

**President
International Solar
Energy Society**

Professor

Ali Sayigh

**Editor in Chief
Comprehensive
Renewable Energy**

Professor

Peter Newman

**Professor of
Sustainability
Curtin University**

Professor

Federico Rosei

**Canada Research
Chair
Nanostructured
Materials**

Prof Abubakar

Sani Sambo

**Chairman
Nigerian Committee
of the World Energy
Council**

Dr Peter Mayfield

**Director – Energy,
CSIRO, Newcastle**

Dr Venkatachalam Anbomozhi

ERIA, Indonesia

Prof George Baird

Victoria University, NZ

Adj Prof Garry Baverstock

Innovate Australia

Prof Michael Borowitzka

Murdoch Algae R & D

Prof Craig Buckley

Curtin University

Mr Josh Byrne

JB & Associates

Adj Prof Craig Carter

Murdoch University

Ms Jemma Green

Curtin University

Prof Paul Hardisty

CSORO – Land & Water

Prof David Harries

Energy Made Clean

Prof David Hood

Beyond Zero Emissions

Mr Angus King

Sustainable Energy Now

Dr Sean McGoldrick

Western Power

Mrs Monica Oliphant

ISES, Australia

Dr Vanessa Rauland

Curtin University

Mr Ben Rose

Sustainable Energy Now

Prof Wasim Saman

University of South Australia

Dr Stephen Schuck

Bioenergy Australia

Dr Arifeen Wahed

SERIS, Singapore

Dr Lee Walker

AneaCo

Prof Ray Wills

FutureSmart

Prof Ahmad Zahedi

James Cook University, NZ

Invited Speakers:
