

The Local Dimension of the NDCs

100% RENEWABLE ENERGY

INTRODUCTION

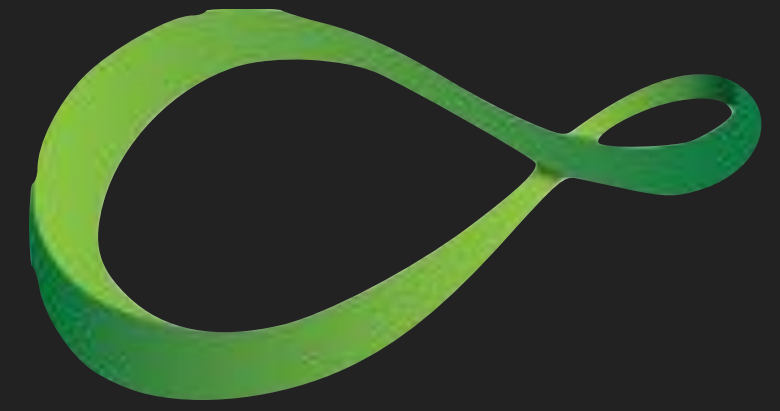

GLOBAL 100% RENEWABLE ENERGY PLATFORM

- ▶ first global initiative that advocates 100% renewable energy
- ▶ founded as a joint multi-stakeholder campaign in 2013 in San Francisco
- ▶ initiate dialogue, build capacity, and educate policy makers on the benefits of 100% RE
- ▶ 19 member organisations
- ▶ Hosted in Bonn by WWEA

GLOBAL 100% RENEWABLE ENERGY PLATFORM MEMBERS

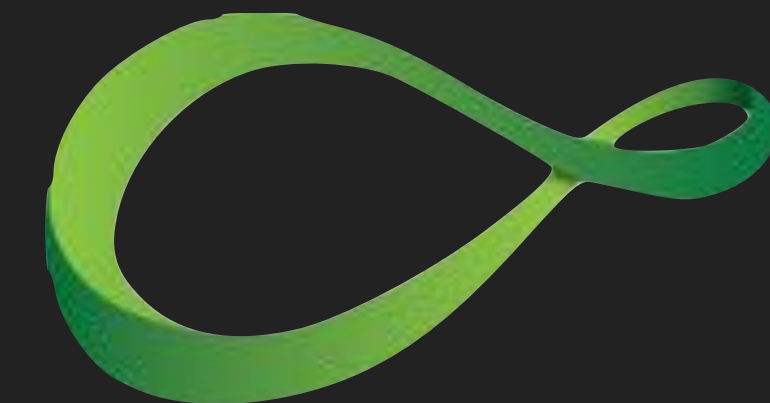

- ▶ World Wind Energy Association
- ▶ World Future Council
- ▶ ICLEI-Local Governments for Sustainability
- ▶ CAN International
- ▶ World Bioenergy Association
- ▶ International Solar Energy Society
- ▶ International Hydropower Association
- ▶ Institute for Sustainable Energy Policies
- ▶ Japan Community Power Association
- ▶ Bundesverband Erneuerbare Energien
- ▶ Mali-Folkecenter
- ▶ Sierra Club
- ▶ Renewable Cities
- ▶ Chinese Wind Energy Association
- ▶ INFORSE
- ▶ Beyond Zero Emissions
- ▶ Greenpeace
- ▶ European Renewable Energy Federation
- ▶ Fraunhofer ISE

CONTEXT

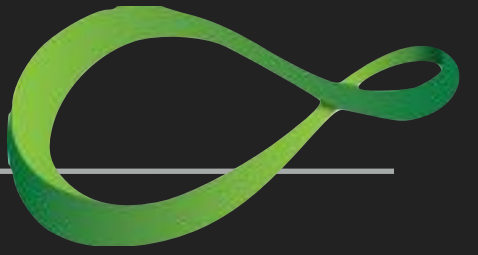

THE JOURNEY

- ▶ international forum on “The Local Dimension of the NDCs: 100% Renewable Energy”, held in Bonn on 9 November 2017 (COP23)
- ▶ prepared by Global 100% RE members and supported by the German Environment Agency
- ▶ presented courses of action for local and regional governments, showcased municipalities and communities, and fostered dialogue with members of national government delegations

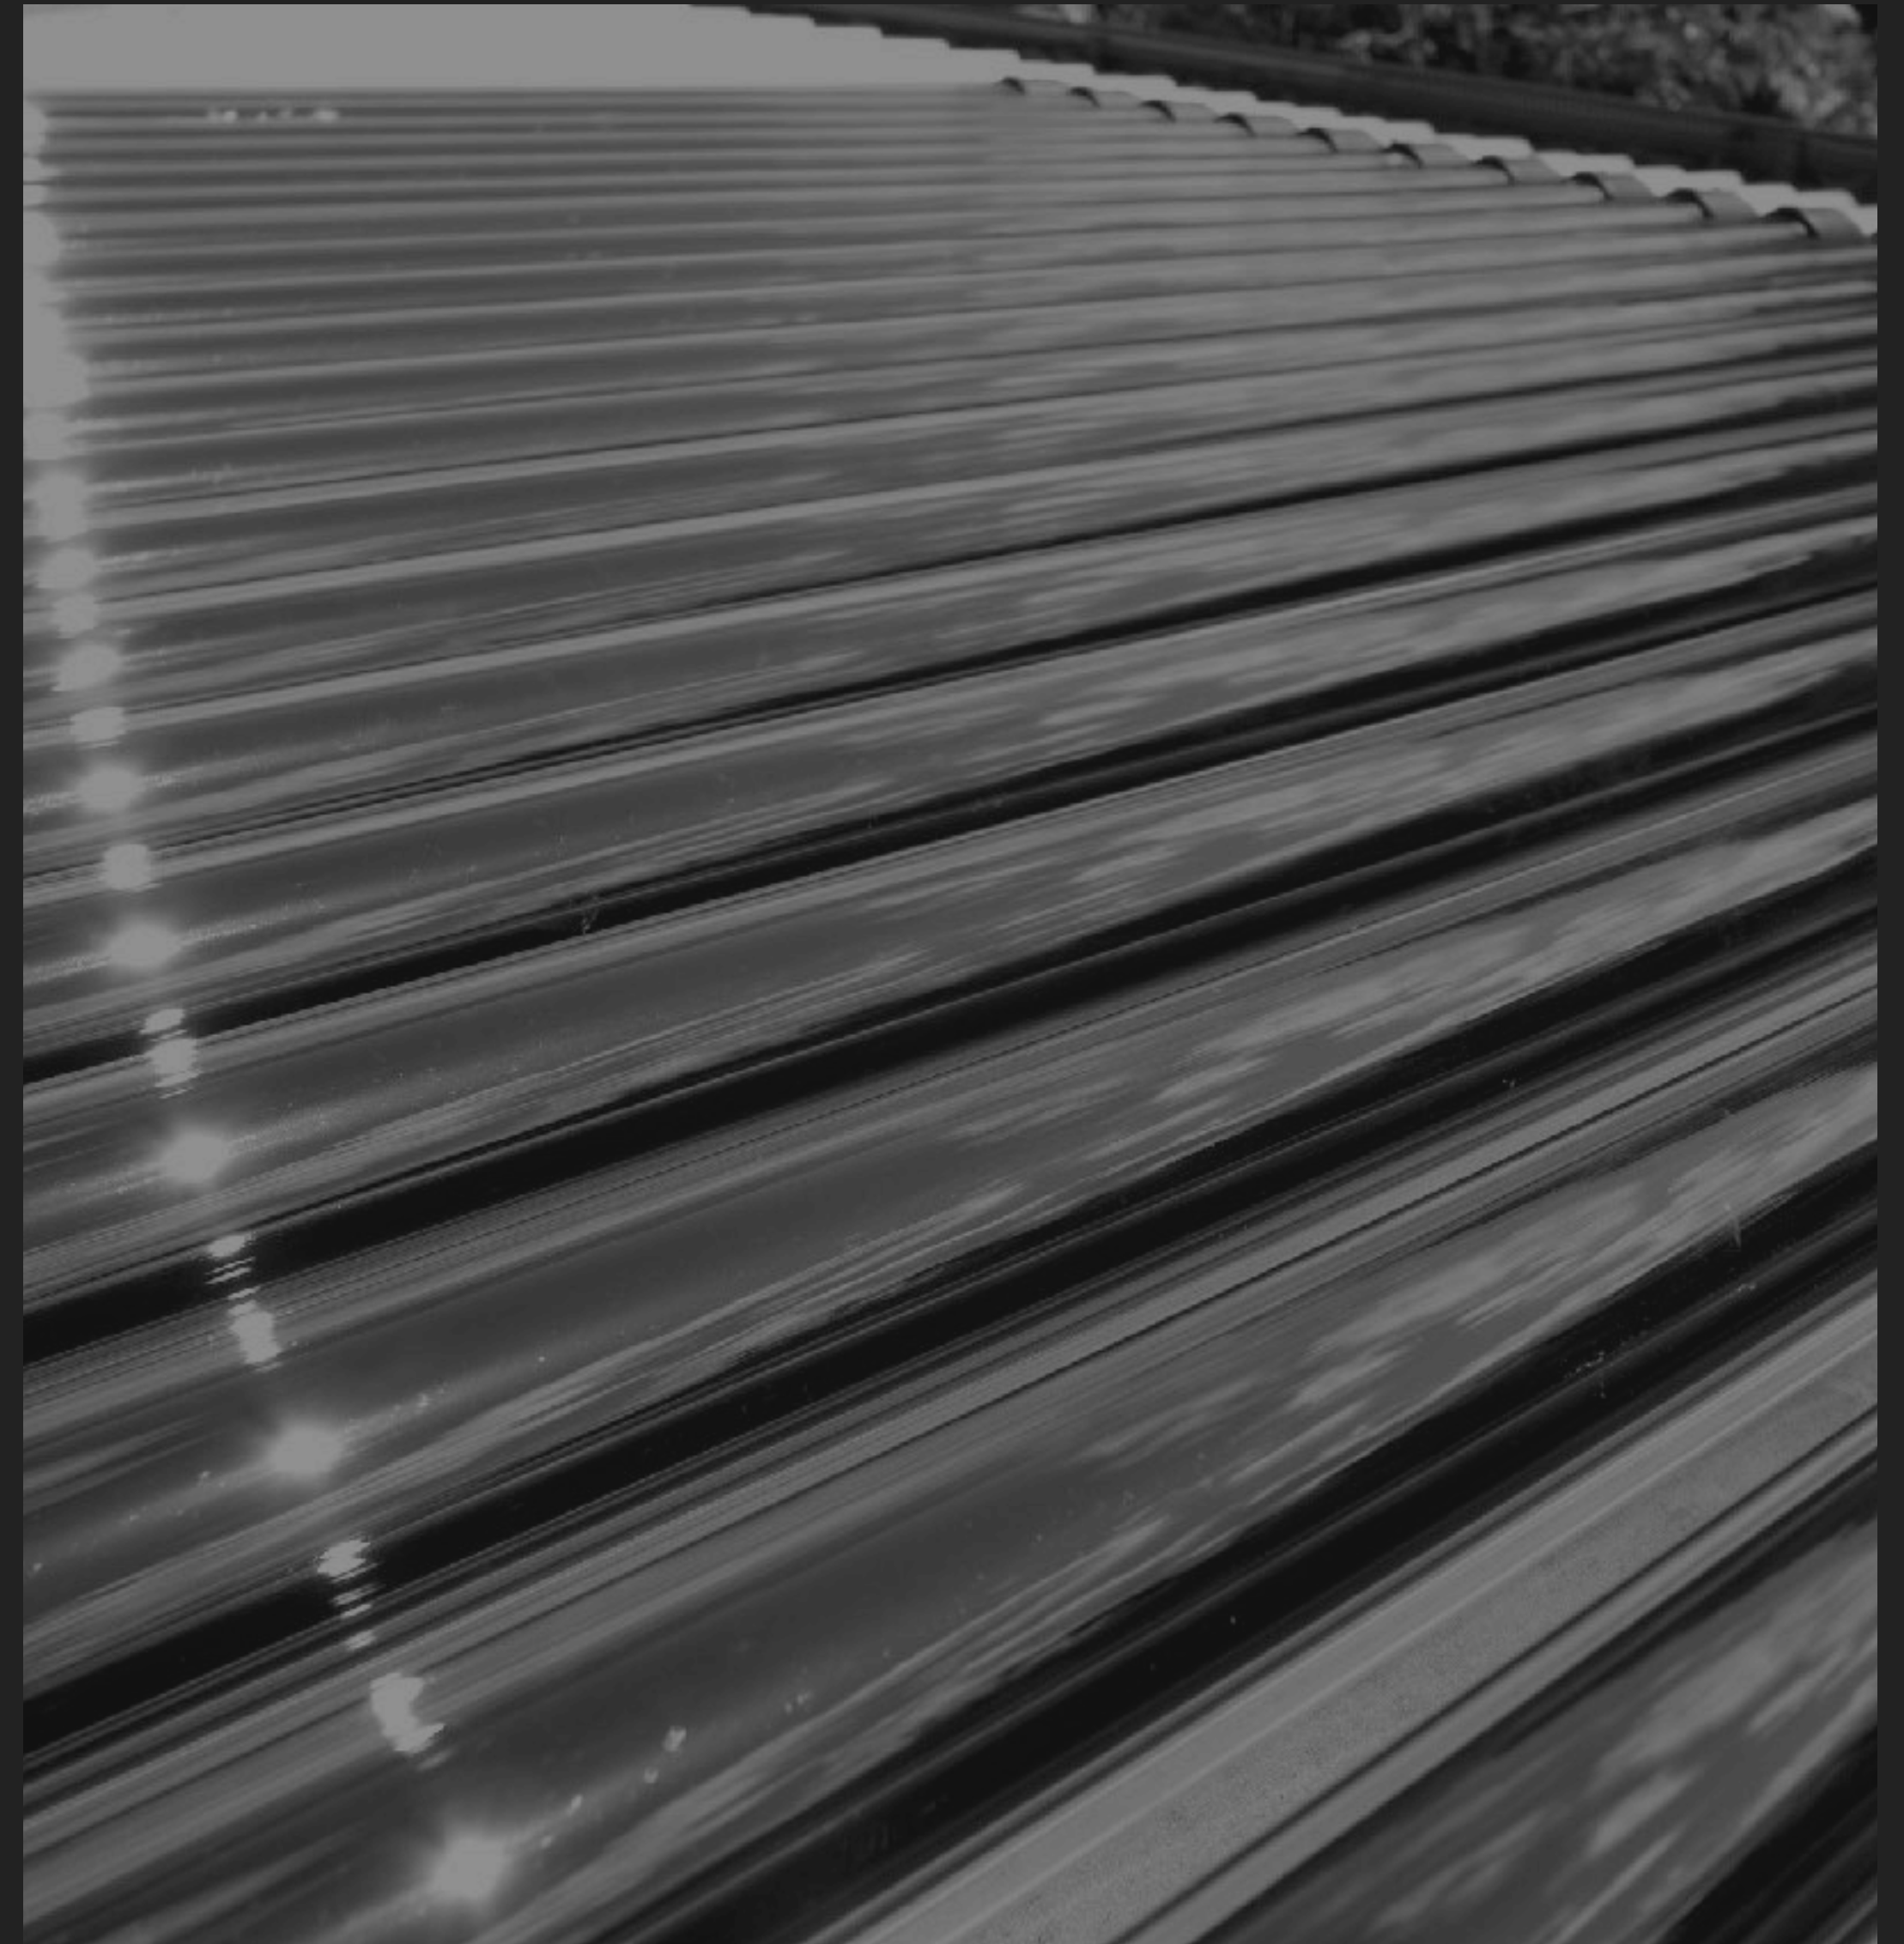

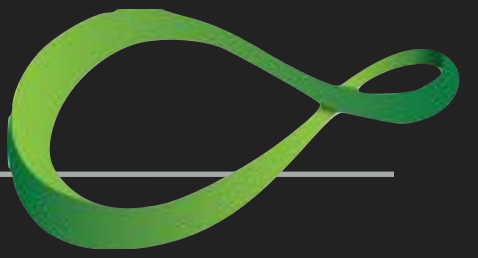

A GLOBAL MOVEMENT

LOCAL DIMENSION OF THE NDCs

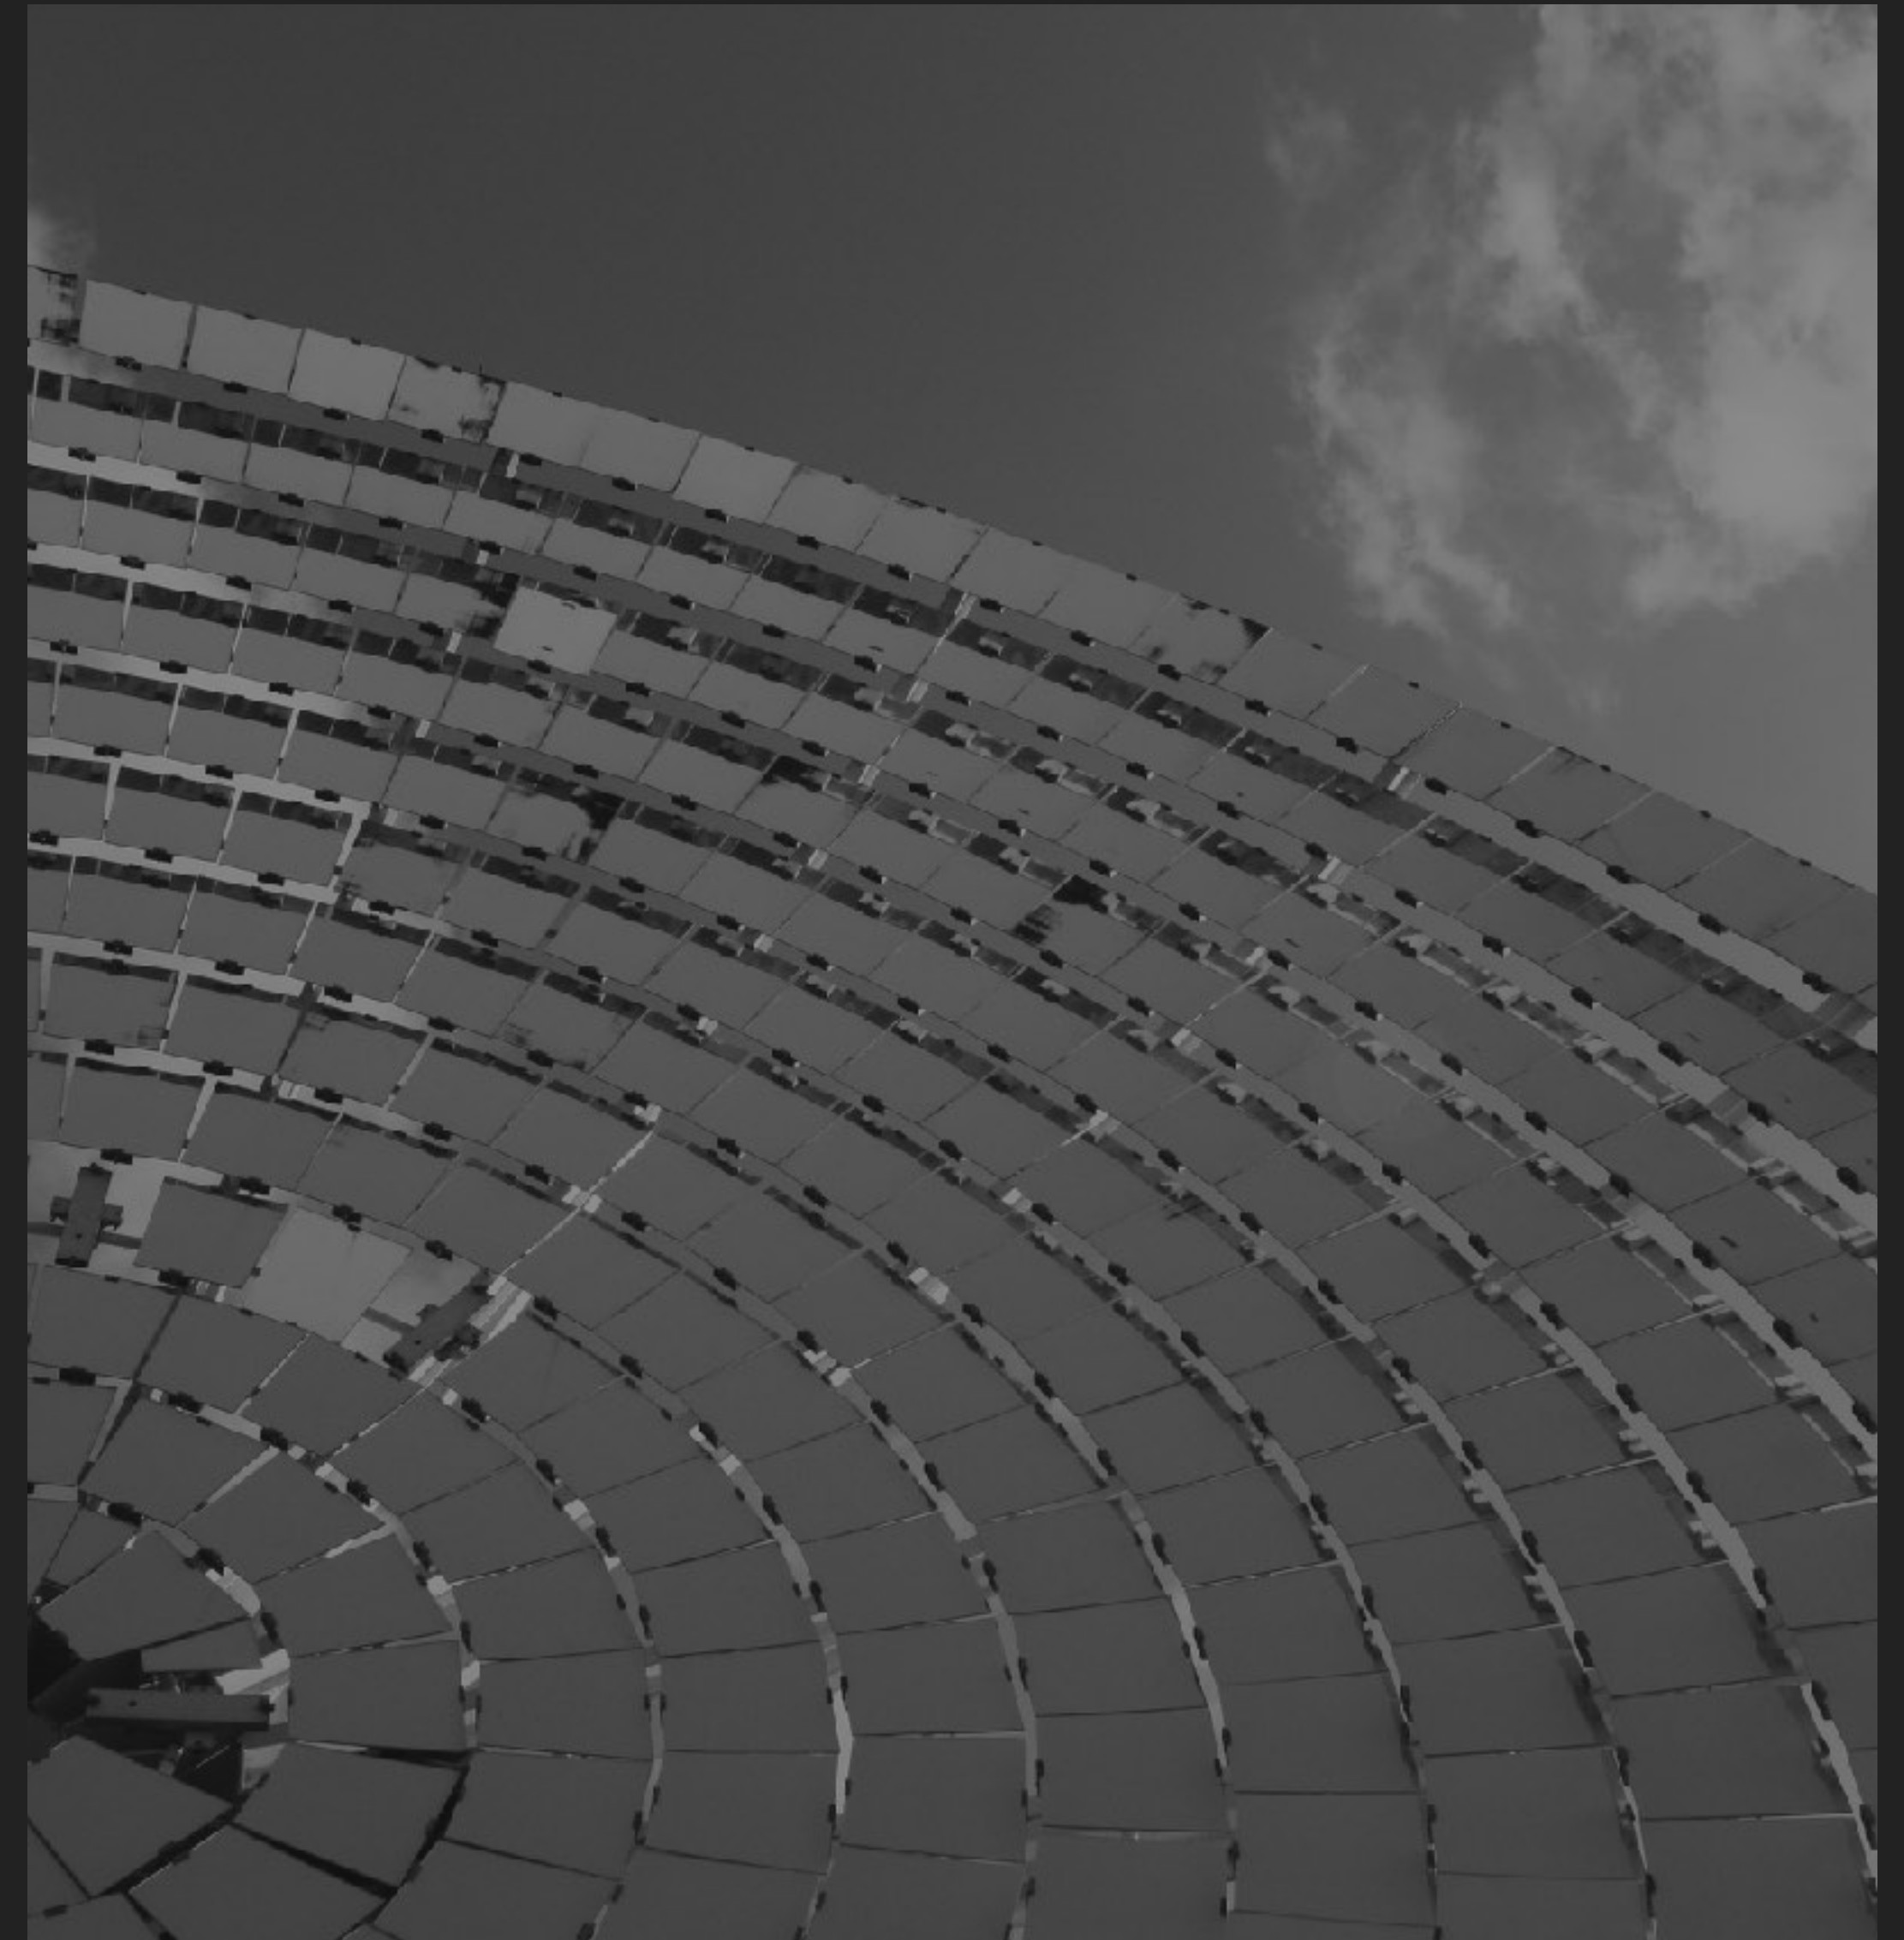

- ▶ Paris Agreement
- ▶ requiring every country to cooperate by doing “the most it can to help”
- ▶ Nationally Determined Contributions (NDCs)
- ▶ Talanoa dialogue
- ▶ necessity for a shift towards renewable energy for effective climate action

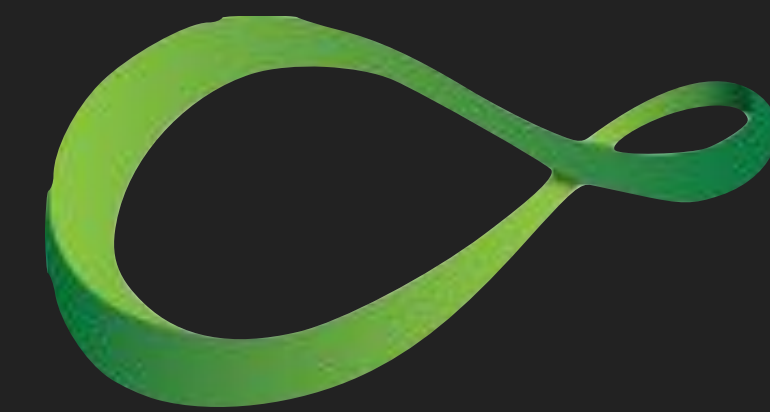

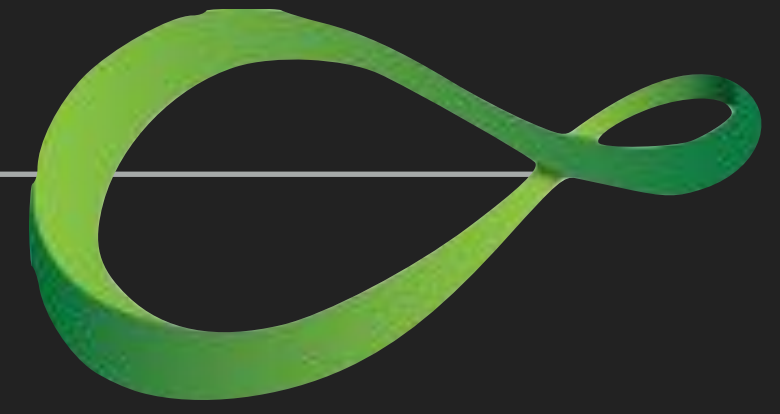

INITIAL OUTCOMES

- ▶ local pioneers lead climate action
- ▶ local pioneers demonstrate that 100% renewable energy is not only possible but cost-effective
- ▶ collaboration between local and national governments is critical
- ▶ thus: NDCs have a strong local dimension that engages the national position on contributions

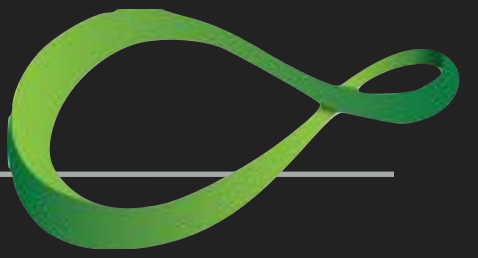

WORKING TOGETHER

**“THERE APPEARS TO EXIST WIDESPREAD
CONSENSUS ON THE NEED FOR
IMPROVED MULTI-LEVEL GOVERNANCE”**

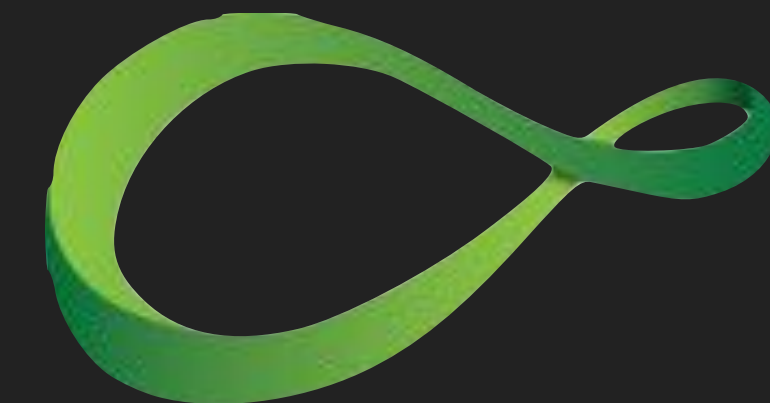

Report Authors

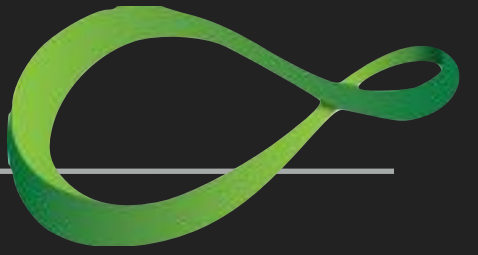

OPPORTUNITIES AND MECHANISMS FOR COOPERATION

- ▶ national support schemes for local governments
[Germany, Austria, Chile, Argentina]
- ▶ communication
[Argentina, Denmark, Costa Rica, Mexico]
- ▶ data collection
[Netherlands, Canada, Australia]
- ▶ tackle the currently observed lack of cross-level cooperation and coordination

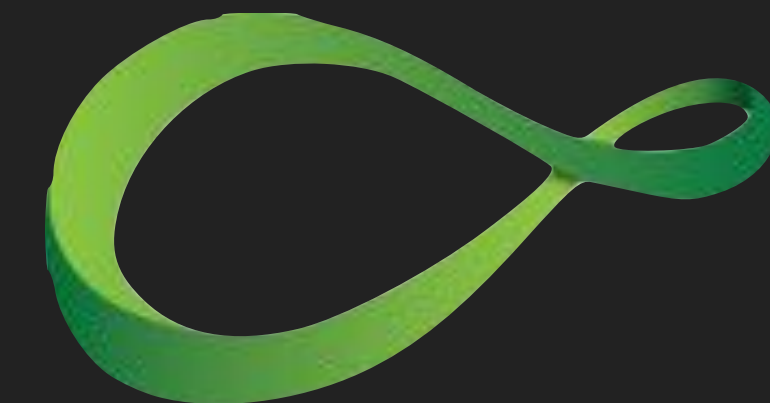

BARRIERS AND CHALLENGES

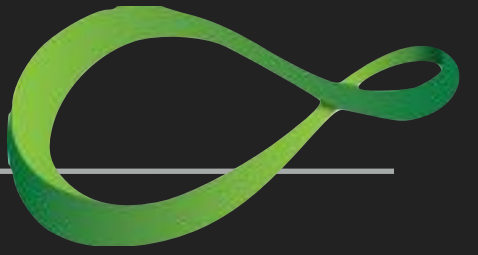

BARRIERS AND CHALLENGES

- ▶ lack of knowledge
- ▶ incumbent structures and persistent notions
- ▶ limited economic capacity
- ▶ divergent priorities
- ▶ voluntary vs directed
- ▶ inflexibility

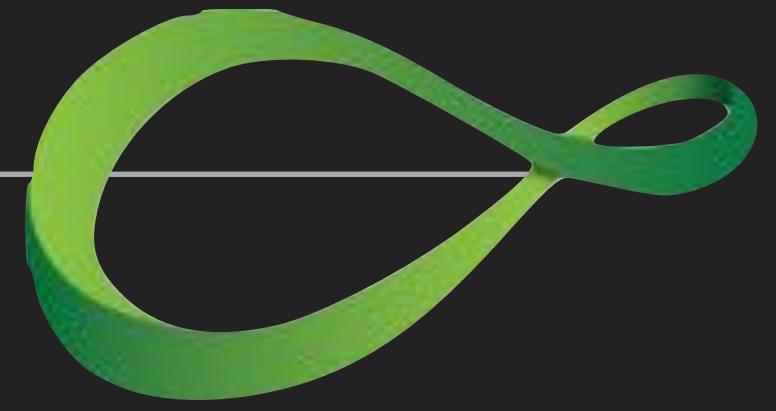

RECOMMENDATIONS

ENHANCING LOCAL-NATIONAL COOPERATION

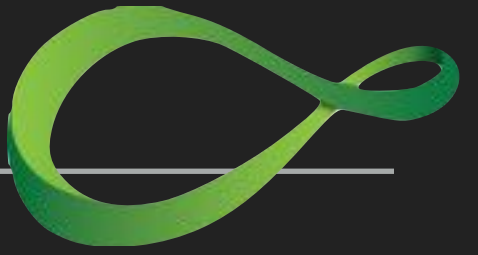

- ▶ demand for self-governance
- ▶ lead by example
- ▶ proactive policy measures
- ▶ transparent data collection
- ▶ improve communication
- ▶ set (real) targets
- ▶ contextualise measures and tools

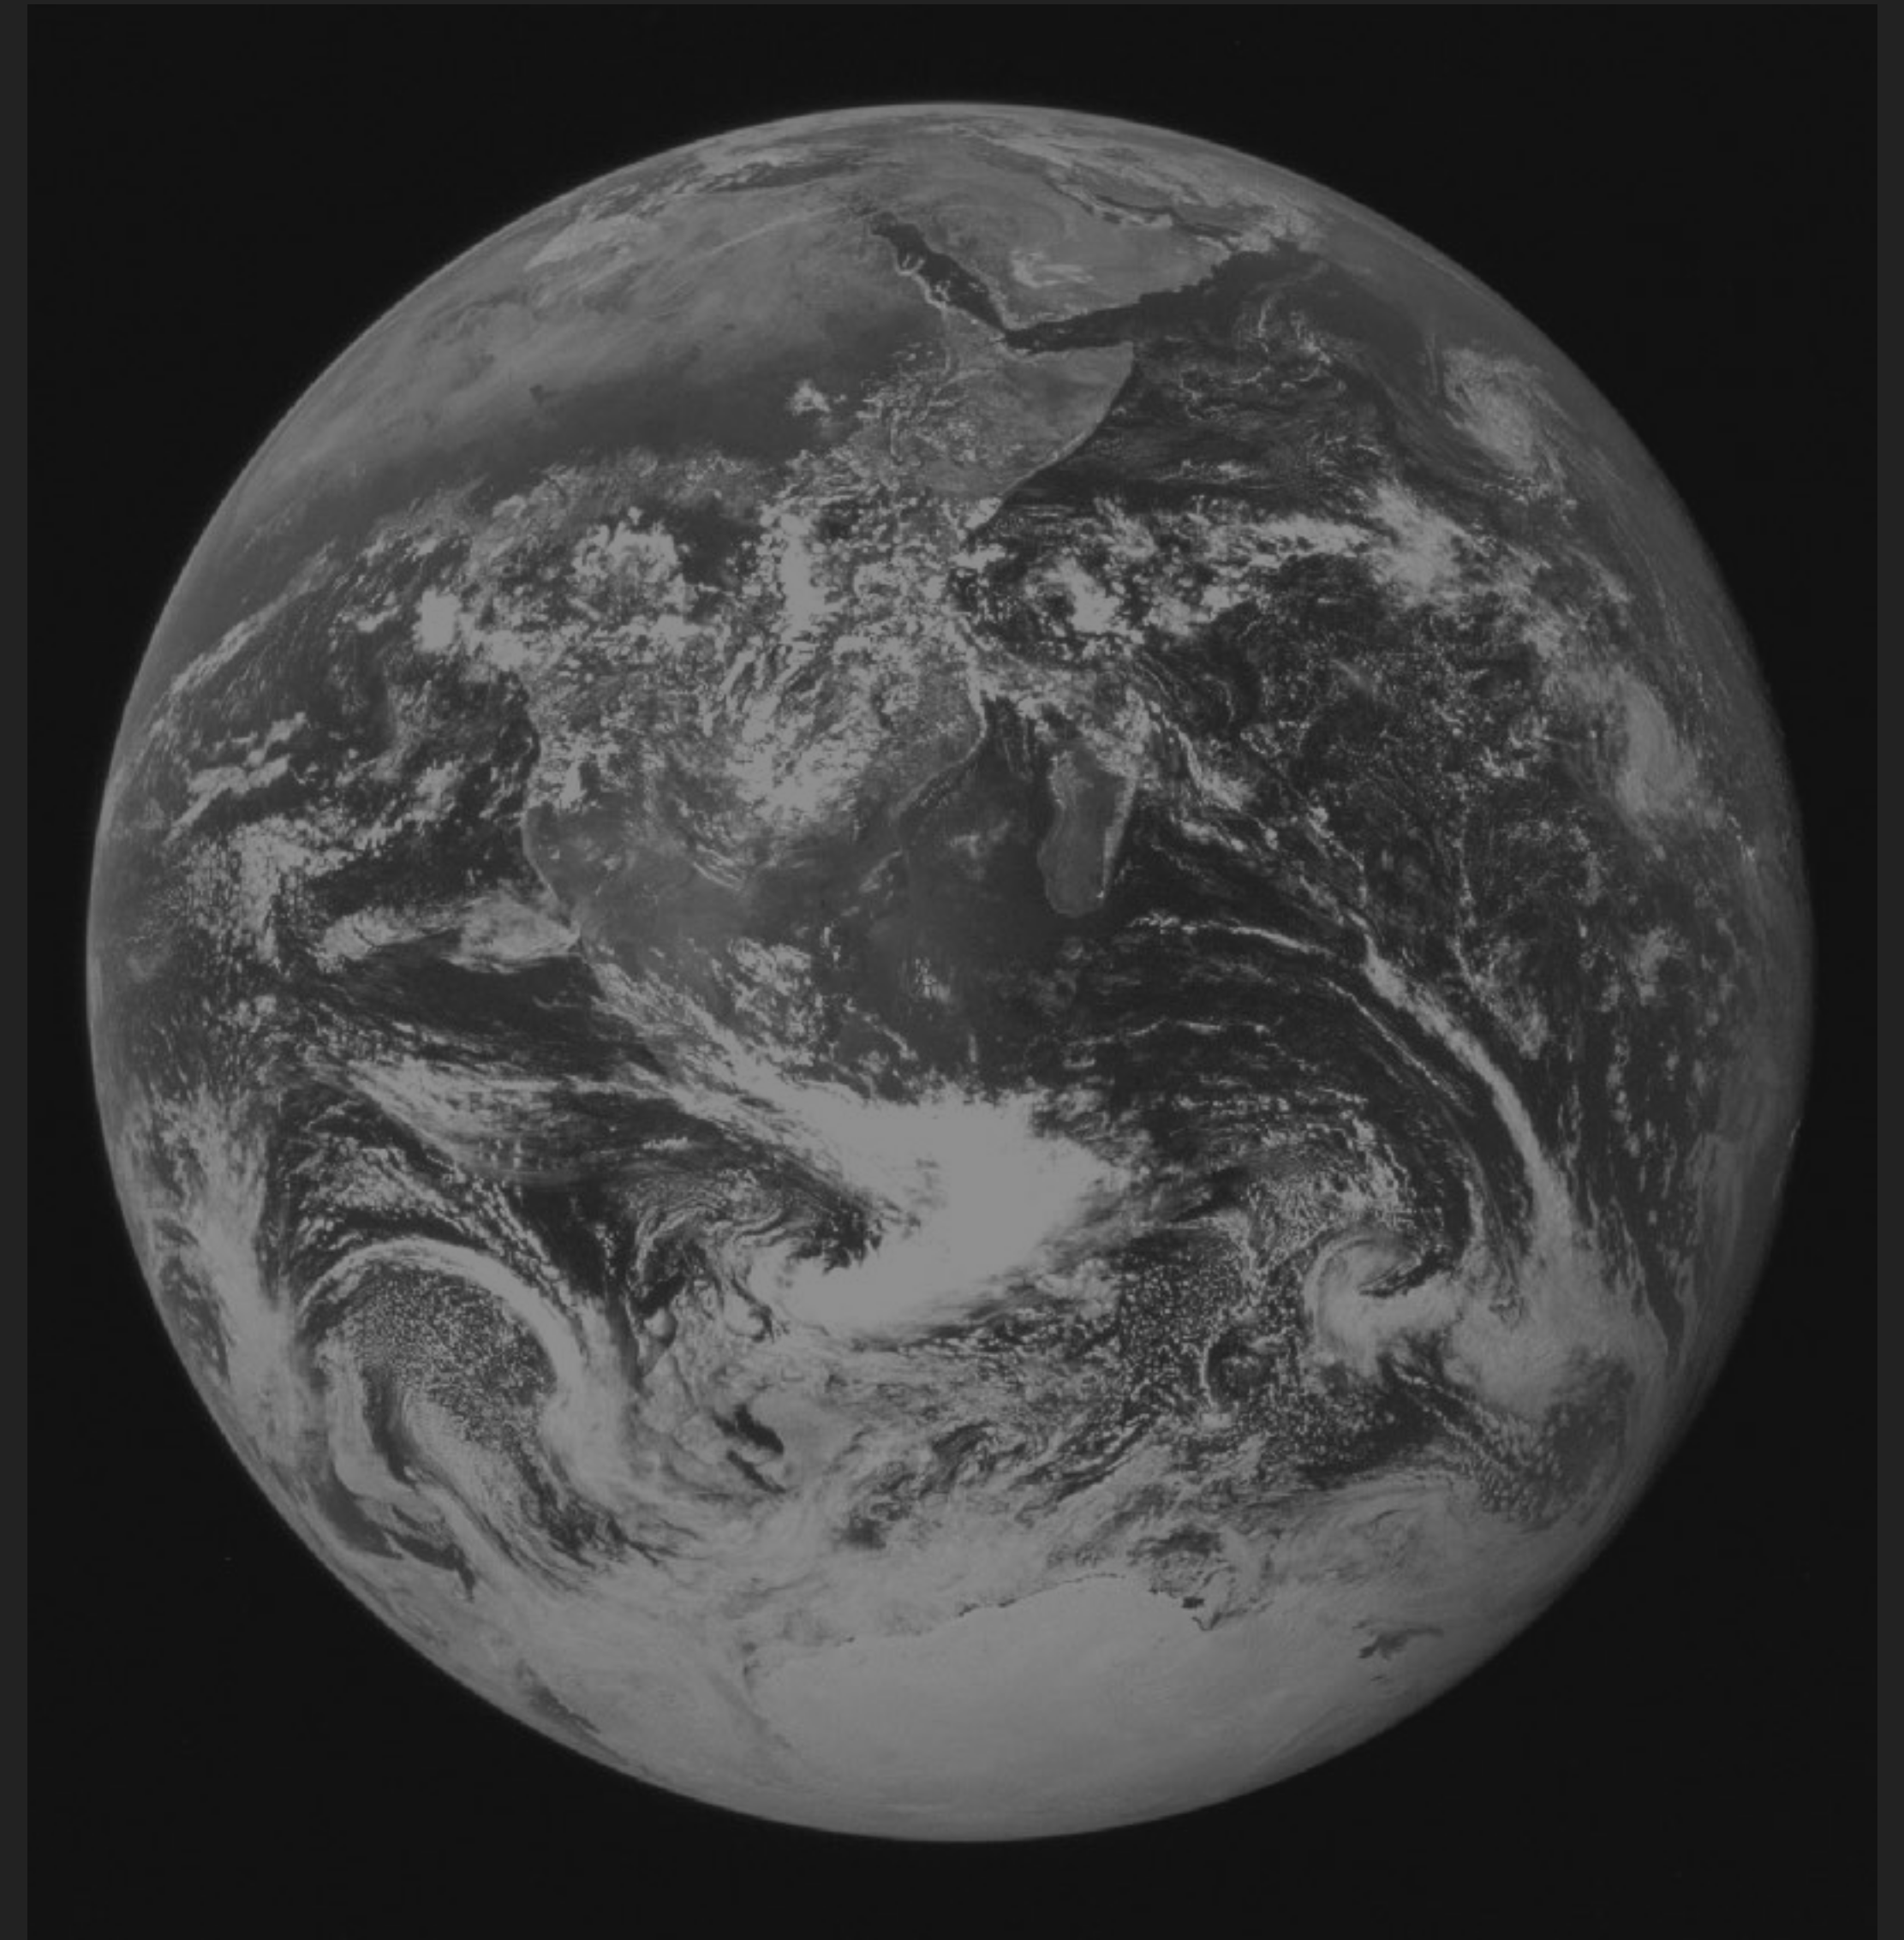

“LEADERSHIP MATTERS!”

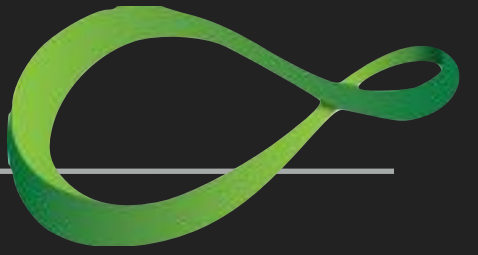

Andrea Reimer

POLICY ACTIONS FOR NATIONAL GOVERNMENTS

- ▶ build an inclusive framework
- ▶ enhance self-governance for local change-makers
- ▶ support beacons of action
- ▶ facilitate data tracking and monitoring of progress
- ▶ facilitate communication with sub-national stakeholders

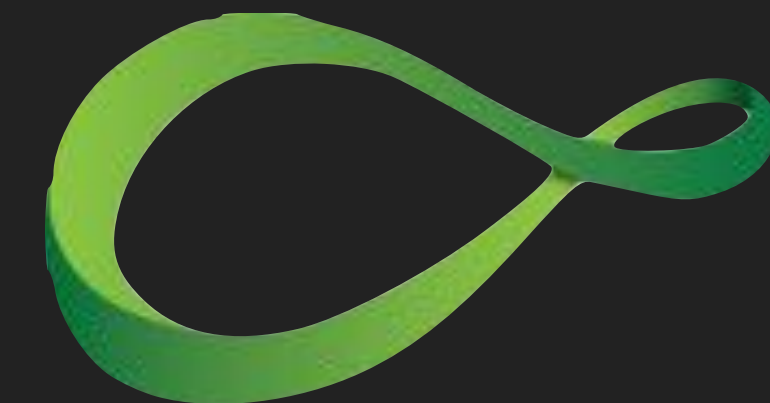

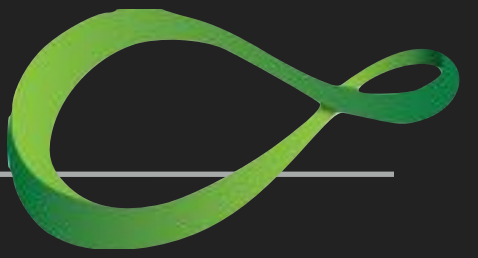

POLICY ACTIONS FOR SUB-NATIONAL GOVERNMENTS

- ▶ lead by example
- ▶ ensure transparent data collection and progress monitoring
- ▶ engage in formal and informal communication measures
- ▶ set ambitious targets
- ▶ enhance measures and policy tools that build on the economic case of renewables

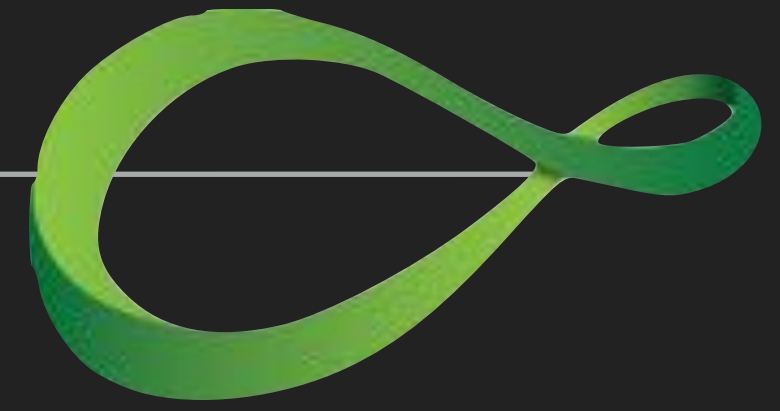

NEXT STEPS

FINALISING THE REPORT...

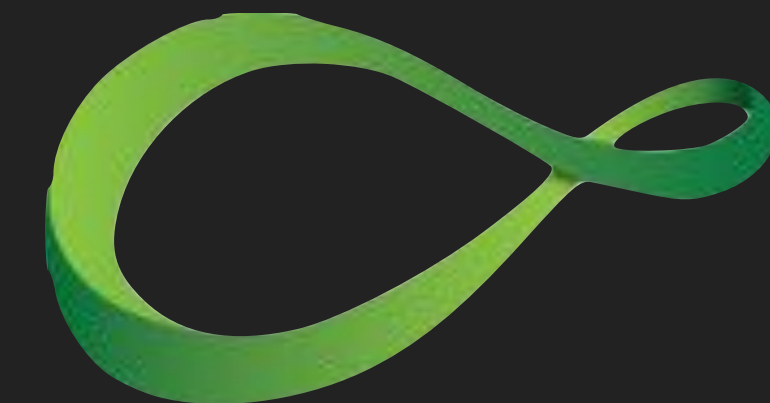

- ▶ latest draft will go out on 07.05.2018
- ▶ read, discuss, comment (please)
- ▶ contributions received on or before 14.05.2018 will be incorporated
- ▶ submit to ubareport@global100re.org
- ▶ final report dissemination end of June
- ▶ your support much appreciated!

“AS LOCAL GOVERNMENTS WE NEED TO CONTINUE TO WORK TOGETHER, TO SHARE OUR BEST PRACTICES, TO FIND WAYS AROUND OBSTACLES.”

Pam O’Connor

THE LOCAL DIMENSION OF THE NDCs

THANK YOU!
